RESPIRONICS®

Children's Medical Ventures' Sweet-Ease® helps to calm and soothe babies up to six months old. Carefully preformulated in aseptically packaged cups, the 24% sucrose solution can be used anywhere in the hospital or in a pediatrician's office to help distressed babies. With no artificial ingredients or preservatives, **Sweet-Ease® is the pure and simple sucrose solution.**

Sweet-Ease[®] Sucrose Solution

Sweet-Ease[®], a 24% sucrose and water solution, has been shown to be effective in calming and soothing babies up to six months of age. It is aseptically packaged to ensure a quality product free of contaminants and bacteria, without using preservatives or artificial ingredients. The 11ml cup, with a peel-off lid, is perfect for dipping a pacifier or for administration via a dropper. Sweet-Ease[®] provides a safe and convenient method of oral sucrose delivery and helps to eliminate the need for unit formulation. It may be used in all areas of the hospital, including the NICU, PICU, Newborn Nursery, ER and pediatrician's office.

Calms and Soothes:

- Helps to calm and soothe distressed babies during minor procedures

Safe:

- 24% concentration level
- Packaged aseptically
- No preservatives
- No artificial ingredients
